

SQA Test Technician – Austin, TX

Description

vAuto, Inc. is an industry leading innovator and provider of automotive software solutions. Since the company was founded in 2005, vAuto has launched several first-in-industry innovations, including its current site of solutions that deliver a better way to price, appraise and stock pre-owned vehicles.

We are a fast-moving technology company specializing in web application solutions for the Automotive Industry. We are looking for a strong SQA Test Technician with Web Application and Mobile Client experience to work with our expert team.

Responsibilities

This is a full-time position (not a contract job), located in Austin, TX.

- Review use-cases and other requirements documents for testability
- Develop test plans based on requirements
- Responsible for performing audits and tests of software products in accordance with software test plans and procedures
- Perform Functional and Regression testing on both mobile clients and web applications
- Leverage automated testing tools where appropriate
- Debug and characterize defects, providing detailed configuration and descriptions for passing and failing tests and test reports
- Maintain documentation of test operations and report results to engineering
- Make recommendations to improve test processes and design changes
- Identify problems in test plans or products
- Adapt current PC applications, procedures, techniques, tools, materials and/or equipment to meet special needs

Requirements

- 4+ years of web application test experience
- 2+ years of mobile client test experience; Android, iPhone, iPad is a plus
- Proven experience with automated testing of web applications
- Working knowledge of JavaScript, JavaScript frameworks, AJAX, HTML, CSS
- Working knowledge of Microsoft, .NET Framework, ADO.NET, Oracle
- Working knowledge of smart phones
- Bulk data processing and data analysis experience
- Excellent analytical and problem solving skills
- Ability to learn quickly and adapt in a dynamic environment
- Keep attention to detail

Benefits

vAuto, Inc. offers competitive compensation and incentives based upon performance. In addition, we provide a benefits package which reflects our commitment to attracting and retaining quality employees including medical, dental, vision, paid time off (PTO) program, and six paid holidays.
